

Participate in a practical course

We invite you to a practical course in Aalborg, Denmark where you can see, try and debate different ways to work with integration and citizens participation. We want to show you why we have success!

Better ways to
organize work think talk
co-operate plan
in the process of citizens participation and integration

In Aalborg the Citiz@move-group is based on the Urban Regeneration project in the area of Aalborg East, a suburb with approximately 15.000 residents. We run a lot of small and big projects. Our projects are physical, cultural and social projects.

The results of our work have been good and we strongly believe that this positive outcome is due to the following bullets:

- We base the projects on the citizens own needs and ideas which make them feel pride and ownership
- We have money and know-how
- We work together with volunteers, both in the planning and the process of the project
- We are highly independent - decisions are taken here and now

THEME:

Citizens participation and integration. Words are not enough - action is needed!

TIME:

From the 19th of June until the 24th of June 2006

If you want to be sure to get an invitation and more information via e-mail or if you have any questions, please contact Kit Bos, Aalborg Urban Regeneration Center, Denmark, Phone +45 9931 7600 or

e-mail: kbo-teknik@aalborg.dk. Our web address is www.kvarterloft.dk
